BLASTTAPE SOUNDPROOFING TAPE

BlastTape is specially designed and formulated to form a permanent seamless bond with BlastBlock.

BlastTape comes on rolls of 50 meter length with a width of 50 mm and is 2 mm thick. It is optimized to be used with BlastBlock for indoor applications and will outperform any ordinary tape solution.

To make sure the whole installation of BlastBlock will reach the predicted and expected soundproofing use only BlastBlock approved materials.

DATA & FEATURES

- Specially designed acoustic tape
- Length 50 meter, width 5 cm, thickness 300 micron
- Durable PVC cloth duct tape
- Color, orange with black print

APPLICATIONS

Typical application is to add the tape on joints between BlastBlock panels or to between BlastBlock panels and adjoining walls, ceilings or floors.

CAUTION! Do not use internally.
Keep from freezing and sunlight.
